

9/4/2020

Dear Gateway College Prep Community:

We appreciate our families staying current with school happenings on the Gateway App. We have been made aware of a glitch in the notification system where messages become truncated on Apple devices. We are pleased to report that this issue has been resolved with the completion of the latest update in the App Store. Please take this opportunity to update your app on your phone by searching for Gateway College Prep in the app store and clicking on "update".

When you update your app it will request that you reselect the feeds that you wish to follow. The beauty of the Gateway App is choice. You have the choice of which groups you would like to follow. Make sure to select that you would like to receive notifications and all important information from the school will be at your fingertips. We are currently working on adding all school related events including athletics onto a synchronized calendar that will be up to date on the Gateway website, the Gateway Athletics website, our staff shared Google calendar, and the mobile app.

We are beginning our second year utilizing the app and our staff members will continue to enhance the user experience for families as we provide a one stop shop for all pieces of information from Gateway College Prep. Thanks for your continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Benjamin Boorman", with a long horizontal flourish extending to the right.

Benjamin Boorman
Head of School
