The fee is a **\$150**, regardless of the number of courses the student completes. Students will be enrolled in one semester course at a time. Students will only be enrolled in a second course after completion of the first course. Credit recovery courses will be taken first. Students may take up to a maximum of 3 semester courses during summer school. One to two semester courses are the typical number of courses completed in summer school. Summer School enrollments are on a first-come, first-serve basis and may be capped. Students are not registered until both the registration form and payment are received. All fees need to be paid in full **by Wednesday, May 30, 2022. No refunds will be given after Monday, June 6, 2022.**

**OPTION 1**

\_\_\_\_\_ **CREDIT RECOVERY COURSES:** Provides students who have failed a course during the regular school year an opportunity to make-up the credit during summer school. In courses that are two-semester courses, credit will be awarded when an average of the two semesters is 70 or higher when the semesters are taken during the same school year, which includes summer school courses for that school year. **Gateway College Preparatory Students** - Self-paced credit recovery courses started during the 2021-22 school must be completed during summer school to earn credit.

**OPTION 2**

\_\_\_\_\_ **CREDIT FOR ACCELERATION:** Provides students with the opportunity to take select courses without having any prior instruction in these courses. Students must meet course prerequisites. Students are only eligible for credit for acceleration in core classes if they have a plan on file to graduate early, are behind on credits and need to get back on track with their cohort, and/or need to take a course during the summer to take a more advanced course during the school year.

**OPTION 3**

\_\_\_\_\_ **CREDIT RESORATION DUE TO EXCESSIVE ABSENCES:** Provides students with the opportunity to make-up excessive absences to restore credit denied during the 2021-22 school year. Students will work in courses toward graduation requirements.

***Incomplete course(s) at the end of the three-week session will not earn credit. Students may not work on courses after June 24, 2022. Incomplete courses for acceleration that were started in summer school can be continued at the start of the next school year.***
